

**Automate the following steps in Cypress:**

\* Use the Page Object Model pattern to complete the task.

1. Visit <https://automationexercise.com/>
2. Sign Up with all the required and non-required fields (Date of Birth)
3. Select one product > Add it to the cart
4. From the cart > proceed to checkout
5. Add dummy payment data
6. Confirm placing the order

Please make sure you are automating the steps in Cypress only.
